Economics for Executives (EECO)

Courses

EECO 5103 Economics in the Global Environment: 3 semester hours.
The student will explore the global economy and its potential to affect management decision making. The course will focus on export, import, international trade, international finance, and micro and macro perspectives of the firm relating to the global economy. Highlights include study of the global economy, global market structure and policy, pricing in a global market, and the economics of multinational firms. The graduates will gain an awareness and skills important in negotiating contracts and agreements across national boundaries.
