Courses

NURS 3001 Seminar I: 1 semester hour.
This seminar will help the student evolve as a professional by exploring the evolution of issues and trends using a historical perspective. Major issues and policies influencing health care will be included.

NURS 3003 Introduction to Pharmacology: 3 semester hours.
This course discusses basic concepts of pharmacology with emphasis on nursing implications. Prerequisites: (NURS 3164 and NURS 3263 and MATH 1113).

NURS 3005 Transition to Professional Nursing: 5 semester hours.
Designed for the LVN to BSN student to explore the context of professional nursing including critical thinking and evidence based nursing practice. Course content and clinical activities focus on professional roles, values and responsibilities for nursing practice in a dynamic, culturally diverse care environment. Clinical application will focus on care of adults with a variety of health alterations. Prerequisites: (BIOL 1054 and BIOL 1065).

NURS 3013 Individual Health Assessment: 3 semester hours.
This course introduces basic components and techniques of the health assessment within the framework of the nursing process. It focuses on data collection regarding the individual's adaptation to internal and external factors within the environment. Emphasis is placed on the individual with high level wellness throughout the lifespan. Laboratory experiences include the application of health assessment skills. Prerequisites: BIOL 1073 and CHEM 1053 and CHEM 1051.

NURS 3021 Seminar II - Trans Adv Nur: 1 semester hour.
This course is designed to assist the student transition into the professional nursing practice by demonstration of clinical skills in patient care. This is the second course in a series of four courses required in this internship program.

NURS 3024 Basic Pathophysiology: 3 semester hours.
This course explores the basic principles and concepts of human disease processes. Normal, compensatory, and pathological mechanisms related to physiological functioning of the individual in health and illness are discussed. Prerequisites: (BIOL 1073 and CHEM 1053 and CHEM 1051).

NURS 3031 Seminar III - Clinical Pract: 1 semester hour.
This course is designed to assist students practice nursing skills in various advanced patient care situations. This is the third course in a series of four courses required in this internship program.

NURS 3041 Seminar IV - Clinical Leadership: 1 semester hour.
This is the final (fourth) course to fulfill the clinical internship program. Students will demonstrate leadership in providing patient care and application of the professional nursing role.

NURS 3102 Tools For Success: 2 semester hours.
This course introduces the student to nursing as a profession. Learners explore historical perspectives, educational pathways and practice roles in nursing. Students will review major concepts which build on prerequisite coursework and develop skills to promote success in nursing. Prerequisites: HIST 1313 and HIST 1323 and SOCG 1013 and PHIL 2013.

NURS 3164 Basic Concepts of Nursing: 4 semester hours.
This theory course introduces basic concepts utilized in health promotion and minor health alterations. Emphasis is placed on identifying basic human needs and understanding principles guiding nursing practice. Prerequisites: (BIOL 1073 and BIOL 1054 and BIOL 1064 and HUSC 1343). Co-requisite: NURS 3263.
NURS 3174 Adult Health Nursing I: 4 semester hours.
This theory course focuses on the nursing care of adult clients experiencing moderate to major alterations from health. Nursing care of clients with acute and chronic health alterations is explored.
Prerequisites: (NURS 3003 (http://catalog.pvamu.edu/search/?P=NURS%203003) (may be taken concurrently) and NURS 3023 (http://catalog.pvamu.edu/search/?P=NURS%203023) (may be taken concurrently) and NURS 3164 (http://catalog.pvamu.edu/search/?P=NURS%203164) and NURS 3263 (http://catalog.pvamu.edu/search/?P=NURS%203263) and NURS 3013 (http://catalog.pvamu.edu/search/?P=NURS%203013)).
Co-requisite: NURS 3273 (http://catalog.pvamu.edu/search/?P=NURS%203273).

NURS 3185 Family Health Nursing: 5 semester hours.
This course focuses on the provision of family centered child care. Emphasis is placed on the nursing management of children and their families in health promotion and adaptation to illness.
Prerequisites: NURS 3174 (http://catalog.pvamu.edu/search/?P=NURS%203174) and NURS 3273 (http://catalog.pvamu.edu/search/?P=NURS%203273) and NURS 3003 (http://catalog.pvamu.edu/search/?P=NURS%203003).
Co-requisite: NURS 3284 (http://catalog.pvamu.edu/search/?P=NURS%203284).

NURS 3223 Introduction to Perioperative Nursing: 3 semester hours.
This theory and clinical course provides the student an opportunity to further develop knowledge and skills in the perioperative nursing role. Direct supervision will be provided enabling the student to experience components of the professional and technical role. Participation as a member of the surgical team will be included.
Prerequisites: (NURS 3013 (http://catalog.pvamu.edu/search/?P=NURS%203013) and NURS 3164 (http://catalog.pvamu.edu/search/?P=NURS%203164) and NURS 3174 (http://catalog.pvamu.edu/search/?P=NURS%203174)).

NURS 3263 Basic Concepts of Nursing Practicum: 3 semester hours.
This clinical practicum provides an opportunity for the application of concepts and principles basic to nursing practice. Experiences are provided in a variety of agencies for the utilization of the nursing process in caring for individuals with health promotion needs and minor to moderate health alterations.
Prerequisites: BIOL 1054 (http://catalog.pvamu.edu/search/?P=BIOL%201054) and BIOL 1064 (http://catalog.pvamu.edu/search/?P=BIOL%201064) and BIOL 1053 (http://catalog.pvamu.edu/search/?P=CHEM%201053) and CHEM 1051 (http://catalog.pvamu.edu/search/?P=CHEM%201051) and BIOL 1073 (http://catalog.pvamu.edu/search/?P=BIOL%201073).
Co-requisites: NURS 3013 (http://catalog.pvamu.edu/search/?P=NURS%203013), NURS 3023 (http://catalog.pvamu.edu/search/?P=NURS%203023), NURS 3164 (http://catalog.pvamu.edu/search/?P=NURS%203164).

NURS 3273 Adult Health Nursing I Practicum: 3 semester hours.
This clinical practicum course provides an opportunity for students to use the nursing process to provide care for clients with acute and chronic health alterations. Clinical experiences are provided in a variety of acute care settings.
Prerequisites: NURS 3164 (http://catalog.pvamu.edu/search/?P=NURS%203164) and NURS 3263 (http://catalog.pvamu.edu/search/?P=NURS%203263).
Co-requisite: NURS 3003 (http://catalog.pvamu.edu/search/?P=NURS%203003), NURS 3174 (http://catalog.pvamu.edu/search/?P=NURS%203174).

NURS 3284 Family Health Nursing Practicum: 4 semester hours.
This clinical practicum provides an opportunity for the student to apply concepts and principles of family health nursing in a variety of health care settings. Implementation of care for childbearing and childrearing families occur within the framework of this course.
Prerequisites: NURS 3174 (http://catalog.pvamu.edu/search/?P=NURS%203174) and NURS 3003 (http://catalog.pvamu.edu/search/?P=NURS%203003) and NURS 3273 (http://catalog.pvamu.edu/search/?P=NURS%203273).
Co-requisites: NURS 3185 (http://catalog.pvamu.edu/search/?P=NURS%203185), NURS 4013 (http://catalog.pvamu.edu/search/?P=NURS%204013).

NURS 3323 Introduction to Perioperative Nursing: 3 semester hours.
This theory and clinical course provides the student an opportunity to further develop knowledge and skills in the perioperative nursing role. Direct supervision will be provided enabling the student to experience components of the professional and technical role. Participation as a member of the surgical team will be included.
Prerequisites: (NURS 3013 (http://catalog.pvamu.edu/search/?P=NURS%203013) and NURS 3164 (http://catalog.pvamu.edu/search/?P=NURS%203164) and NURS 3174 (http://catalog.pvamu.edu/search/?P=NURS%203174)).

NURS 3363 Jurisprudence: Ethical Implications in Nursing: 3 semester hours.
The Essentials of Baccalaureate Education for Professional Nursing Practice includes Professionalism and Professional Values as Essential VIII. It is clear and relevant that the values set forth by AACN, which also are the core values of bioethics, be incorporated in nursing education to enhance tolerance, patience, and compassion in a changing profession and a changing world.
NURS 3373 Environmental Health Nursing: 3 semester hours.
This course discusses concepts related to the environment and its role in health and in professional nursing. For all nursing students.

NURS 3383 Nurs w/o Borders:Global Health: 3 semester hours.
This is a lecture/lab course that focuses on a holistic approach to nursing care of families and cultural groups. Emphasis is placed on the nurse's role in health promotion, health maintenance and illness prevention in families from cultures in a national and international setting. Environmental influences on the family are explored.
Prerequisites: NURS 3003 (http://catalog.pvamu.edu/search/?P=NURS%203003) and NURS 3024.

NURS 3393 Academic Strategies for Nursing Students Success: 3 semester hours.
This course is designed to provide nursing students with evidence-based study strategies to empower the learner for application and mastery of complex concepts for successful management and progression in the nursing major.

NURS 3413 Dosage Calculations Tools: 3 semester hours.
This course focuses on providing the student additional mathematical skills needed to successfully pass the dosage calculations examinations given with each clinical practicum course in the nursing program. The course includes face to face interactions with the faculty facilitator, in-class math computations, and implementation of critical thinking and test-taking skills needed to perform math calculations and successfully pass dosage calculations exams.

NURS 3423 Exploring Concepts of Patient Care across the Lifespan: 3 semester hours.
This elective will assist first level nursing students to apply concepts of biophysio-psychosocial functioning and beginning clinical reasoning skills for patient care across the lifespan.

NURS 4003 Concepts of Professional Nursing Practice: 3 semester hours.
This course is designed to assist the RN student make the transition to the University setting at the undergraduate and graduate level. The learner will be introduced to the knowledge, values, evidence based practice, health policy and conceptual models which guide the practice of nursing in a variety of settings. Ethical and legal principles which guide nursing practice will be explored.

NURS 4013 Introduction to the Research Process: 3 semester hours.
This course discusses basic research methodology and its application to the practice of nursing. Computer aids to research are considered.
Prerequisite: Completion of Semester II.
Prerequisites: (PSYC 2613 (http://catalog.pvamu.edu/search/?P=PSYC%202613) and SPCH 1003 and NURS 3174 (http://catalog.pvamu.edu/search/?P=NURS%203174) and NURS 3003 (http://catalog.pvamu.edu/search/?P=NURS%203003)).

NURS 4093 Community/Leadership Nursing: 3 semester hours.
This course focuses on the synthesis of public health and nursing concepts within a preventive framework to promote and maintain the health of families and communities. The course will also focus on leadership and management roles in various health care delivery systems and the theories related to change and organizational structure.
Prerequisites: NURS 4293 (http://catalog.pvamu.edu/search/?P=NURS%204293) (may be taken concurrently).

NURS 4123 Special Topics in Nursing: 3 semester hours.
The study of various areas in nursing and health care as they relate to contemporary social issues. Course may be repeated for credit when topics vary.

NURS 4163 Mental Health Nursing: 3 semester hours.
This theory course focuses on the application of the nursing process in providing care to clients experiencing psychopathological conditions along the wellness-illness continuum.
Prerequisites: (NURS 3185 (http://catalog.pvamu.edu/search/?P=NURS%203185) and NURS 3284 (http://catalog.pvamu.edu/search/?P=NURS%203284) and PSYC 1113 (http://catalog.pvamu.edu/search/?P=PSYC%201113) and NURS 4013 (http://catalog.pvamu.edu/search/?P=NURS%204013)).
Co-requisite: NURS 4262 (http://catalog.pvamu.edu/search/?P=NURS%204262).

NURS 4173 Community Health Nursing: 3 semester hours.
This theory course focuses on the synthesis of public health concepts within a preventive framework to promote and maintain the health of communities. The nursing process is used in community assessment, risk identification and application of community health nursing strategies.
Prerequisites: (NURS 4163 (http://catalog.pvamu.edu/search/?P=NURS%204163) and NURS 4183 (http://catalog.pvamu.edu/search/?P=NURS%204183)).

NURS 4183 Adult Health Nursing II: 3 semester hours.
This theory course emphasizes the utilization of the nursing process in providing care for clients experiencing major physiological deviations from wellness. Nursing care of clients with multi-system complex health alterations is explored.
Prerequisites: (NURS 3185 (http://catalog.pvamu.edu/search/?P=NURS%203185) and NURS 3284 (http://catalog.pvamu.edu/search/?P=NURS%203284) and NURS 4013 (http://catalog.pvamu.edu/search/?P=NURS%204013)).
Co-requisite: NURS 4282 (http://catalog.pvamu.edu/search/?P=NURS%204282).

NURS 3373 Environmental Health Nursing: 3 semester hours.
This course discusses concepts related to the environment and its role in health and in professional nursing. For all nursing students.

NURS 3383 Nurs w/o Borders:Global Health: 3 semester hours.
This is a lecture/lab course that focuses on a holistic approach to nursing care of families and cultural groups. Emphasis is placed on the nurse's role in health promotion, health maintenance and illness prevention in families from cultures in a national and international setting. Environmental influences on the family are explored.
Prerequisites: NURS 3003 (http://catalog.pvamu.edu/search/?P=NURS%203003) and NURS 3024.

NURS 3393 Academic Strategies for Nursing Students Success: 3 semester hours.
This course is designed to provide nursing students with evidence-based study strategies to empower the learner for application and mastery of complex concepts for successful management and progression in the nursing major.

NURS 3413 Dosage Calculations Tools: 3 semester hours.
This course focuses on providing the student additional mathematical skills needed to successfully pass the dosage calculations examinations given with each clinical practicum course in the nursing program. The course includes face to face interactions with the faculty facilitator, in-class math computations, and implementation of critical thinking and test-taking skills needed to perform math calculations and successfully pass dosage calculations exams.

NURS 3423 Exploring Concepts of Patient Care across the Lifespan: 3 semester hours.
This elective will assist first level nursing students to apply concepts of biophysio-psychosocial functioning and beginning clinical reasoning skills for patient care across the lifespan.

NURS 4003 Concepts of Professional Nursing Practice: 3 semester hours.
This course is designed to assist the RN student make the transition to the University setting at the undergraduate and graduate level. The learner will be introduced to the knowledge, values, evidence based practice, health policy and conceptual models which guide the practice of nursing in a variety of settings. Ethical and legal principles which guide nursing practice will be explored.

NURS 4013 Introduction to the Research Process: 3 semester hours.
This course discusses basic research methodology and its application to the practice of nursing. Computer aids to research are considered.
Prerequisite: Completion of Semester II.
Prerequisites: (PSYC 2613 (http://catalog.pvamu.edu/search/?P=PSYC%202613) and SPCH 1003 and NURS 3174 (http://catalog.pvamu.edu/search/?P=NURS%203174) and NURS 3003 (http://catalog.pvamu.edu/search/?P=NURS%203003)).

NURS 4093 Community/Leadership Nursing: 3 semester hours.
This course focuses on the synthesis of public health and nursing concepts within a preventive framework to promote and maintain the health of families and communities. The course will also focus on leadership and management roles in various health care delivery systems and the theories related to change and organizational structure.
Prerequisites: NURS 4293 (http://catalog.pvamu.edu/search/?P=NURS%204293) (may be taken concurrently).

NURS 4123 Special Topics in Nursing: 3 semester hours.
The study of various areas in nursing and health care as they relate to contemporary social issues. Course may be repeated for credit when topics vary.

NURS 4163 Mental Health Nursing: 3 semester hours.
This theory course focuses on the application of the nursing process in providing care to clients experiencing psychopathological conditions along the wellness-illness continuum.
Prerequisites: (NURS 3185 (http://catalog.pvamu.edu/search/?P=NURS%203185) and NURS 3284 (http://catalog.pvamu.edu/search/?P=NURS%203284) and PSYC 1113 (http://catalog.pvamu.edu/search/?P=PSYC%201113) and NURS 4013 (http://catalog.pvamu.edu/search/?P=NURS%204013)).
Co-requisite: NURS 4262 (http://catalog.pvamu.edu/search/?P=NURS%204262).

NURS 4173 Community Health Nursing: 3 semester hours.
This theory course focuses on the synthesis of public health concepts within a preventive framework to promote and maintain the health of communities. The nursing process is used in community assessment, risk identification and application of community health nursing strategies.
Prerequisites: (NURS 4163 (http://catalog.pvamu.edu/search/?P=NURS%204163) and NURS 4183 (http://catalog.pvamu.edu/search/?P=NURS%204183)).

NURS 4183 Adult Health Nursing II: 3 semester hours.
This theory course emphasizes the utilization of the nursing process in providing care for clients experiencing major physiological deviations from wellness. Nursing care of clients with multi-system complex health alterations is explored.
Prerequisites: (NURS 3185 (http://catalog.pvamu.edu/search/?P=NURS%203185) and NURS 3284 (http://catalog.pvamu.edu/search/?P=NURS%203284) and NURS 4013 (http://catalog.pvamu.edu/search/?P=NURS%204013)).
Co-requisite: NURS 4282 (http://catalog.pvamu.edu/search/?P=NURS%204282).
NURS 4193 Nursing Leadership and Management: 3 semester hours.
This theory course focuses on concepts and principles of leadership and management. Functions of beginning nurse management roles are explored. Prerequisites: (NURS 4183 and NURS 4163). Co-requisites: NURS 4173, NURS 4272, NURS 4292.

NURS 4223 Palliative Nursing Care: 3 semester hours.

NURS 4262 Mental Health Nursing Practicum: 2 semester hours.
This clinical practicum course focuses on the application of the nursing process when providing health, promotion, protection, and restoration care for culturally diverse individuals, groups and families at varying levels of risk for psychological impairment in a variety of clinical settings. Prerequisites: (NURS 3185 and NURS 3284) and NURS 4013.

NURS 4272 Community Health Nursing Practicum: 2 semester hours.
This clinical practicum provides the student an opportunity to synthesize the nursing process with public health concepts in the nursing care of individuals, families, groups and communities with a focus on preventive nursing care. Prerequisites: (NURS 4183 and NURS 4163).

NURS 4282 Adult Health Nursing II Practicum: 2 semester hours.
This clinical practicum course provides an opportunity for students to apply the nursing process when caring for client with multi-system complex health alterations. Clinical experiences in a variety of settings are used. Prerequisites: (NURS 3185 and NURS 3284) and NURS 4013.

NURS 4229 Nursing Leadership and Management Practicum: 2 semester hours.
This clinical practicum provides an opportunity for the transition of nursing students into professional nursing practice. Students will apply leadership and management principles and concepts to patient care coordinator of care, and functions of health care organizations. Prerequisites: (NURS 4183 and NURS 4163).

NURS 4233 Introduction to Disaster/Emergency Preparedness and Response: 3 semester hours.
This course provides a foundation in the principles of disaster planning and management from a disaster team perspective. The roles of different members of the disaster team are examined with a focus on the role of the nurse. Various classifications of disasters, including natural and human-made disasters, are identified and defined and various biological, chemical and nuclear agents are discussed. Nursing care of physical injuries and psychological/behavior manifestations of disaster victims and workers involved in natural and man-made disasters are highlighted.

NURS 4235 Advanced Nursing Concepts: 3 semester hours.
This course explores advanced clinical and theoretical issues relating to nursing practice. Prerequisites: (NURS 3185 and NURS 3284).

NURS 4373 Nursing and the Aged: 3 semester hours.
This course examines the utilization of the nursing process with aged clients. Major problems of aging are emphasized.

NURS 4383 Patient Education and Nursing Practice: 3 semester hours.
This course discusses patient education relative to the prevention of illness and to the maintenance and restoration of health.

NURS 4393 Synthesis of Nursing Concepts and Evidenced Base Practice: 3 semester hours.
This course focuses on preparing senior nursing students for the HESI comprehensive exit examination. NLN Diagnostic Readiness Test, Texas Board of Nursing Licensure Exam. The primary goal is to enhance the transition into nursing practice in the new role of graduate nurse (GN) in various healthcare settings.
**NURS 4403 Nursing Process Seminar:** 3 semester hours.
This course culminates professional socialization by focusing on the integration of behaviors essential in the transition from nursing student to professional nursing. Comprehensive review and evaluation of essential concepts and principles within the professional knowledge base including adult health, maternal/child, mental health, community health, and management.
Prerequisites: (NURS 4163 and NURS 4183).

**NURS 4993 Independent Study:** 1-3 semester hour.
Selected topics are explored through reading, research, and/or field work.

**NURS 5003 Transcultural Family Health Care in Rural and Urban Settings:** 3 semester hours.
Explores the cultural dimension of health care delivery in urban and rural settings. Emphasis is placed on examining concepts including health promotion, epidemiology and vulnerable populations. Opportunities are provided to apply theories from family studies, public health, community health nursing and primary health care to empower families and communities to promote healthy lifestyles.

**NURS 5013 Theoretical Foundations of Nursing:** 3 semester hours.
Presents theoretical foundations for nursing. Explores relationships between theories and advanced practice nursing. Examines various theories in nursing practice and other health care disciplines.

**NURS 5022 Transcultural Family:** 2 semester hours.
Explores the cultural dimension of health care delivery in urban and rural settings. Family theories, assessment instruments and therapeutic intervention strategies will be explored. Emphasis is placed on examining concepts including wellness, health promotion, epidemiology, case management, economics, and health care financing for vulnerable/minority populations.

**NURS 5023 Advanced Pharmacology:** 3 semester hours.
Provides a comprehensive understanding of the therapeutic use of major drug classifications for clients of all ages. Emphasis is on the application of drug therapy to the promotion of health and the treatment of disease. Advanced pharmacodynamics and pharmacokinetic principles will be analyzed.

**NURS 5033 Advanced Pathophysiology:** 3 semester hours.
Advanced study of physiological and pathological processes at biochemical, cellular, organ and system levels. Course content includes biologic variations and susceptibility to pathology across different ethnic groups and specific populations.

**NURS 5042 Role Theory and Ethics in Advanced Practice Nursing:** 2 semester hours.
Role theory is utilized for analyzing the dimensions of the role of the APN in management of health care problems for vulnerable/minority individuals, families, and urban/rural communities. Ethical and legal decision-making models are explored to promote role transition and integration.

**NURS 5123 Health Disparities:** 3 semester hours.
The elective course will provide students with a comprehensive understanding of health disparities including investigative approaches as well as strategies for addressing health disparities in minority and medically underserved populations.

**NURS 5133 Clinical Research:** 3 semester hours.
The course focuses on the use of research methodologies to analyze nursing practice problems for a population of diverse ethnic and socio-economic backgrounds. The interrelationship between theory, practice and evidenced-based research, and the use of nursing knowledge for the improvement of clinical outcomes is emphasized. Review of major research designs, methods, and ethical requirements of scientific inquiry are addressed.
Prerequisites: NURS 5013 (may be taken concurrently).

**NURS 5163 Advanced Pathophysiology for Advance Practice Nursing:** 3 semester hours.
This course is used to guide the advance practice nursing student in interpreting changes in normal function that result in symptoms indicative of illness. Study of the physiological and pathophysiological processes that are a basis for advanced nursing practice. The emphasis is placed on the genetic, molecular, cellular and organ system levels across various groups and populations.

**NURS 5173 Advanced Pharmacology for Advance Practice Nursing:** 3 semester hours.
This course is to provide the APN graduate with the knowledge and skills to assess, diagnose, and manage patients' common health problems. Course theory content includes pharmacotherapeutics and pharmacokinetics of broad categories of pharmacologic agents. Evidence-based research provides the basis for selecting effective, safe and cost-efficient pharmacologic regimens.

**NURS 5203 Medical Coding Bill & Reimbur:** 3 semester hours.
This course is to help the Nurse Practitioner on how to maximize reimbursement by emphasizing proper coding, billing and HIPPA compliance. The Nurse Practitioner will learn about medical necessity bundled services, modifiers, and efficient ways to be compliant while getting the maximum reimbursement due for services performed. The NP provider will ensure complete and comprehensive documentation and coding and billing of all services rendered. Participants will learn to confidently code and audit APT, HCPCs and ICD-9 codes. Particular attention will be paid to evaluation and management coding.

**NURS 5213 Diagnostic Procedures:** 3 semester hours.
This course focuses on the development of evidence-based primary care diagnostic and therapeutic procedures for advanced practice registered nurses to use in practice. Multiple types of clinical applications are utilized to expand students' knowledge and proficiency in primary care clinical procedures. A structured 4-hour practice laboratory per week is a course requirement.
NURS 5214 Advanced Health Assessment with Practicum: 4 semester hours.
This course focuses on the role of the family nurse practitioner in caring for children and family members from diverse populations. Emphasis is placed on health promotion/maintenance, health risk assessment, and acute symptoms management. Prerequisites: NURS 5003 and NURS 5013.

NURS 5216 Primary Health Care for the Childbearing/Childrearing Family with Practicum: 6 semester hours.
This combined theory and practicum course focuses on the role of the family nurse practitioner in caring for childbearing and childrearing families from diverse populations. Emphasis is placed on health promotion/maintenance, health risk assessment, and acute symptoms management. Growth and development and psychosocial stages and tasks are presented. Prerequisites: NURS 5133 and NURS 5023.

NURS 5223 Chronic Disease Self-Management: 3 semester hours.
The course focuses on the development of skills for evidence-based methods of patient education and counseling for advanced nursing practice. Multiple types of clinical applications are utilized to expand student's knowledge and proficiency in patient education of chronic diseases. Emphasis is placed on community assessment, problem identification, and mobilization of communities to promote wellness within an interdisciplinary framework. Prerequisites: NURS 5003 and NURS 5013.

NURS 5243 Advanced Health Assessment: 3 semester hours.
Builds upon basic physical assessment and history taking skills by increasing the depth and breadth of student knowledge related to the principles and techniques of interviewing, screening, and physical assessment across the lifespan. A structured 4 hour labor of practicum experience per week is a course requirement.

NURS 5245 Primary Health Care for the Adult and Elderly with Practicum: 5 semester hours.
This combined theory and practicum course focuses on the role of the family nurse practitioner in caring for the adult and elderly client in urban or rural communities. Emphasis is placed on health risk assessment, health maintenance/restoration and management of acute and chronic problems. Prerequisites: NURS 5033, NURS 5013, and NURS 5133.

NURS 5253 Urban/Rural Hlth: 3 semester hours.
This is a theoretical course that focuses on the interdisciplinary approach to applying principles and concepts of primary health care to meet the needs of urban and/or rural populations. Opportunities are provided to theories of public health, community health nursing and primary health care. Emphasis is placed on community assessment, problem identification, and mobilization of communities to promote wellness within an interdisciplinary framework. Prerequisites: NURS 5214 and NURS 5243.

NURS 5255 Adv Clin Prac Seminar: 5 semester hours.
In this course, the student uses theoretical, scientific, and current clinical knowledge for the assessment and management of clients with complex health problems in selected vulnerable populations. Topics will include management of complex diseases, role implementation, research utilization, decision-making, consultation and referral for APN practice.

NURS 5257 Management of Complex Health Problems: 7 semester hours.
In this course, the student uses theoretical, scientific, and current clinical knowledge for the assessment and management of clients with complex health problems in selected vulnerable populations. Topics will include management of complex diseases, role implementation, research utilization, decision-making, consultation and referral for APN practice. Prerequisites: NURS 5245 and NURS 5215.

NURS 5263 Advanced Health Assessment and Diagnostic Reasoning for Advanced Practice Nursing: 3 semester hours.
Building upon previously acquired physical assessment and history taking skills, this course prepares graduate advanced practice nursing students to obtain a meaningful history and to integrate it with physical findings to develop a problem list. Interpretation of selected diagnostic tests and differential diagnoses. Analyze diagnostic reasoning models and apply to advanced practice nursing contexts. Prerequisites: NURS 5003, NURS 5133, and NURS 5163.

NURS 5303 Program & Curriculum Design: 3 semester hours.
The focus of this course is on curricula design and development. Students will examine the principles of curriculum and program design, factors that affect curriculum, philosophies, conceptual frameworks, curriculum models, and curriculum evaluation. Emphasis will be placed on the relationship between philosophy, program goals, objectives and content. Prerequisites: NURS 5013, NURS 5133, and NURS 5033.
NURS 5313 Instructional Methods & Strategies: 3 semester hours.
The student examines various teaching strategies and methods, educational theories, principles of learning, and theories relevant to the instructional process will be discussed. Emphasis will be placed on classroom and clinical teaching, supervision and management of the learning environment. Teaching using technology will be a major focus.
Prerequisites: NURS 5303 (http://catalog.pvamu.edu/search/?P=NURS%205303).

NURS 5323 Evaluation in Nursing Education: 3 semester hours.
This course focuses on evaluation techniques and strategies. The design and use of evaluation tools in classroom and clinical evaluation will be discussed. The identification and evaluation of clinical competencies will be an area of focus. Test development, measurement and the use of evaluation instruments will be examined. Emphasis is placed on evaluation measures such as standardized tests and item analysis of teacher made test.
Prerequisites: (NURS 5303 (http://catalog.pvamu.edu/search/?P=NURS%205303) and NURS 5313 (http://catalog.pvamu.edu/search/?P=NURS%205313)).

NURS 5333 Nursing Education Role Practicum I: Classroom Instruction: 3 semester hours.
This course focuses on the application of teaching, learning and evaluation strategies in the clinical setting. Students are provided experiences in the classroom settings to develop knowledge, apply theories, learning principles and evidence based teaching and evaluation strategies under the direction of a faculty preceptor.
Prerequisites: (NURS 5303 (http://catalog.pvamu.edu/search/?P=NURS%205303) and NURS 5313 (http://catalog.pvamu.edu/search/?P=NURS%205313) and NURS 5323 (http://catalog.pvamu.edu/search/?P=NURS%205323) (may be taken concurrently)).

NURS 5343 Teaching in Nursing with Tech: 3 semester hours.
The course will focus on the use of technology for effective teaching and presentations. The goal of the course is to assist the learner in the infusion of instructional design, media, computers, and related web based technologies into the instructional process. Emphasis will be placed on using technology to enhance presentations.

NURS 5353 Nursing Education Role Practicum II: Clinical Instruction: 3 semester hours.
This course focuses on the theoretical and technical knowledge and skills needed to plan, design, and implement simulated learning activities in the educational and health care settings. Emphasis will be placed on best practices in the use of clinical simulations as a virtual learning modality.

NURS 5403 ADM I-Organizational Theory: 3 semester hours.
This course examines organizational concepts, theories, and behavior relevant to Nurse Administration, management and health care delivery systems. Major topics include management principles, organizational processes, conflict and change process. Discussion will include management philosophy, structure, legal and ethical concerns.
Prerequisites: (NURS 5003 (http://catalog.pvamu.edu/search/?P=NURS%205003) and NURS 5013 (http://catalog.pvamu.edu/search/?P=NURS%205013) and NURS 5133 (http://catalog.pvamu.edu/search/?P=NURS%205133) and NURS 5042 (http://catalog.pvamu.edu/search/?P=NURS%205042)).

NURS 5413 ADM II-Healthcare Management: 3 semester hours.
The focus of this course is on healthcare management issues and strategies: Healthcare of individual populations, case management, health promotion, disease management, standards of care, cost, quality, health indicators, and disparities. Human Resource Management, including data management and informatics will be emphasized.
Prerequisites: NURS 5403 (http://catalog.pvamu.edu/search/?P=NURS%205403).

NURS 5423 ADM III-Healthcare Economics and Financial Management: 3 semester hours.
This course focuses on economics and financing in health care delivery systems. Major topics include budget preparation and fiscal management within an organizational structure. Emphasis will be placed on the use of databases, spreadsheets and other software applications to the budgetary process. Insurance providers, impact of consumers, cost and benefits, state and federal regulations, legal and ethical issues will also be included.
Prerequisites: (NURS 5403 (http://catalog.pvamu.edu/search/?P=NURS%205403) and NURS 5413 (http://catalog.pvamu.edu/search/?P=NURS%205413)).

NURS 5433 ADM IV - Nurse Administration Practicum: 3 semester hours.
A practicum experience designed for synthesis of theory and practice. Practicum will include group seminar, observational and independent learning activities. Practicum experiences will be directed toward the student’s career goals.
Prerequisites: (NURS 5403 (http://catalog.pvamu.edu/search/?P=NURS%205403) and NURS 5413 (http://catalog.pvamu.edu/search/?P=NURS%205413) and NURS 5423 (http://catalog.pvamu.edu/search/?P=NURS%205423)).

NURS 5443 Health Informatics I: 3 semester hours.
This course is designed to introduce the foundations of health care informatics to the advanced practice nurse. The focus is on developing an understanding of the core concepts of health care informatics and correlating these to the practice of nursing informatics. The history, use, design, management, and ethics of health care information systems will be examined with attention to current issues and trends impacting the profession of nursing.
NURS 5453 Health Informatics II: 3 semester hours.
The purpose of this course is to assist the advanced practice nurse in developing an understanding of the components, processes and tools that complete components of health information systems. Advanced topics in information technology and systems in a health care setting; collection, analysis and management of health care data; special topics related to the role of project management will be explored.

NURS 5463 Health Informatics III: 3 semester hours.
The course introduces concepts of human factors design, specifically human computer interaction and ergonomics, and applies them to interface design in healthcare. This includes the user interface design of medical devices, health related websites, and health information systems. This course examines principles, theories and models to design and evaluate optimal interfaces to promote human computer interaction in health care informatics and applications.

NURS 5713 Health Policy: 3 semester hours.
This course focuses on the development of health care policy. Current, local, state, and national issues influencing health policies are reviewed. Health care delivery models are explored as well as the concepts of power, political action, activism and networking. Major health policy issues facing advanced practice nursing in the 21st century are considered.

NURS 5723 Family Violence: 3 semester hours.
Explores the prevalence of violence and abuse in families and the impact of violence and abuse on the health care system. Focuses on the research findings related to prevention, assessment, and intervention with offenders, victims and families.

NURS 5733 Women Depression: 3 semester hours.
Addresses the nature of the problem, family issues, intervention, prevention, treatment and recovery in order to enable the student to better understand, recognize, assess, and treat problems of depression in women.

NURS 5743 Writing for Publication: 3 semester hours.
Designed to help students understand the publication process and to improve scholarly writing abilities. Each student will prepare a manuscript and submit it to a selected nursing journal for publication consideration. Students are encouraged to have a topic and target journal identified before class begins.
Prerequisites: (NURS 5013 (http://catalog.pvamu.edu/search/?P=NURS%205013) and NURS 5133 (http://catalog.pvamu.edu/search/?P=NURS %205133)).

NURS 5753 HIV/AIDS Issues and Challenges: 3 semester hours.
Emphasis on the social, economic, psychological, ethical, and legal issues associated with living with HIV and caring for persons with HIV.

NURS 5763 Financial Management in Advanced Nursing Practice: 3 semester hours.
This course focuses on health care financing at the local, state and national levels as well as the concepts of reimbursement, contract, negotiation, and partnerships in practice. Cost effective analysis is explored as a tool to examine cost and outcomes for the care diverse populations.
Prerequisites: NURS 5245 (http://catalog.pvamu.edu/search/?P=NURS%205245).
Co-requisite: NURS 5216 (http://catalog.pvamu.edu/search/?P=NURS%205216).

NURS 5773 Capstone Proposal Writing and Project Development: 3 semester hours.
This course provides students the opportunity to integrate and synthesize knowledge gained in the graduate nursing program into the practice setting with directed study in an area of interest.
Prerequisites: NURS 5013 (http://catalog.pvamu.edu/search/?P=NURS%205013) and NURS 5133 (http://catalog.pvamu.edu/search/?P=NURS %205133) and CNSL 5093 (http://catalog.pvamu.edu/search/?P=CNSL%205093) and NURS 5003 (http://catalog.pvamu.edu/search/?P=NURS %205003) and NURS 5042 (http://catalog.pvamu.edu/search/?P=NURS%205042) and NURS 5713 (http://catalog.pvamu.edu/search/?P=NURS %205713) and NURS 5033 (http://catalog.pvamu.edu/search/?P=NURS%205033) and NURS 5023 (http://catalog.pvamu.edu/search/?P=NURS %205023).

NURS 5783 Research Capstone Project: 3 semester hours.
The research capstone project is the scholarly alternative to the thesis. The project provides students the opportunity to use the research process to investigate a problem in clinical practice, nursing education or administration. This course is a faculty guided experience that requires synthesis of nursing theory, research, and practice into an oral presentation and written research paper.
Prerequisites: NURS 5013 (http://catalog.pvamu.edu/search/?P=NURS%205013) and NURS 5133 (http://catalog.pvamu.edu/search/?P=NURS %205133).

NURS 5803 Thesis Proposal Writing: 3 semester hours.
Concepts of research techniques and designs are explored. A research proposal is developed.

NURS 5903 Thesis: 3 semester hours.
Application of research skills to thoroughly develop thesis on topic approved by advisor.
Prerequisites: NURS 5803 (http://catalog.pvamu.edu/search/?P=NURS%205803).

NURS 5983 Special Topics: 3 semester hours.
Exploration of a single topic not covered in the graduate curriculum (i.e. curriculum development, curriculum evaluation, and skills practicum) but related to Health Care and/or Nursing.

NURS 5993 Independent Study: 1-3 semester hour.
Provides an opportunity for the student to engage in independent study in an area of interest.
This course focuses on the use of telehealth technologies to deliver health care and services to clients in rural and underserved areas with limited nursing resources. Technology designed to view, send, and store video and digital image, perform patient assessments, patient teaching, and collaborate with other health care professionals using video conferencing and computer applications will be explored. Legal and ethical issues associated with the use of telehealth applications will be discussed.
NURS 7243 Translating Evidence into Advanced Nursing Practice: 3 semester hours.
This course focuses on the integration and application of knowledge into practice. The translation of evidence into practice, including the theoretical and practical challenges, is analyzed through the use of case studies with consideration of legal and ethical principles. Specifically, theories of change, theories of caring, human needs and value systems, financial, ethical and social implications are considered in the translation of evidence into practice. Translation techniques, including informatics, will be discussed. Evaluation strategies, methods and analysis will be applied to assess proposed improvements in practice and care outcomes.

NURS 7253 DNP Project 1: 3 semester hours.
This course is part of a two semester sequence with stipulated guidelines and required of all DNP students. The course focuses on the initial development of a capstone project including review of problem statement, review of the literature, objective, project activities, project timeline, resources, and evaluation strategies. It also includes process and outcome evaluation, budget development, and measurement tools. The project may include financial/management, clinical, or educational components as appropriate. The project will be developed under the supervision of the student's DNP project committee. May be repeated. If in progress "IP" grade received, continuous registration and enrollment in this course are required until course requirements are completed.

NURS 7263 DNP Project 2: 3 semester hours.
This course is the second part of a three semester sequence required of all DNP students. The course focuses on implementation of the DNP project that was planned and approved in NURS 7253 (http://catalog.pvamu.edu/search/?P=NURS%207253) (DNP Project 1). Strategies to address challenges in the implementation of the capstone project will be explored. The collection and analysis of data to evaluate the outcomes of the capstone project is the culmination of this course. Students will also develop and present a comprehensive report describing their project, implementation, evaluation, results and future recommendations. May be repeated. If in progress "IP" grade received, continuous registration and enrollment in this course are required until course requirements are completed.

Prerequisites: NURS 7253 (http://catalog.pvamu.edu/search/?P=NURS%207253).

NURS 7303 Program and Curriculum Design: 3 semester hours.
The focus of this course is on curricula design and development. Students will examine principles of curriculum and program design, factors that affect curriculum, philosophies, conceptual frameworks, models and evaluation. Emphasis is placed on the relationship between philosophy, program outcomes and the accreditation process.

NURS 7323 Evaluation and Measurement: 3 semester hours.
This course focuses on techniques and methods for evaluating learning outcomes. Emphasis will be placed on program evaluation measures. The design and use of evaluation tools classroom and clinical evaluation will be discussed. Test development, measurement and the use of evaluation instruments will be examined. Evaluation measures, standardized tests and item analysis of teacher made tests will be an area of focus.

NURS 7383 Practice Residency I: 3 semester hours.
This is one of two clinical residency courses providing for synthesis experiences with a clinical coach in the student's advanced practice specialization, practice/administration or both. Students will synthesize concepts from biophysical, psychosocial, sociopolitical, culture, economic, and nursing science to impact and understand the consequences of advanced practice decisions. May be repeated. If in progress "IP" grade received, continuous registration and enrollment in this course are required until course requirements are completed.

NURS 7393 Practice Residency II: 3 semester hours.
This course is the continuation of the clinical residency. Utilizing newly acquired knowledge, students will appraise their current practice environments as appropriate to the student's practice agenda. The student will also continue to work with his or her clinical mentor. May be repeated. If in progress "IP" grade received, continuous registration and enrollment in this course are required until course requirements are completed.

Prerequisites: NURS 7383 (http://catalog.pvamu.edu/search/?P=NURS%207383).
