Divison of Social Work, Behavioral and Political Sciences

Purpose and Goals

The Division of Social Work, Behavioral and Political Sciences provides support courses for all undergraduate programs in addition to offering four undergraduate degrees and one graduate degree. The degree programs help prepare students to pursue a variety of career options, including urban and regional planning, social work practice, human services, public administration, international affairs, public policy, public health, law enforcement, and legal studies. In addition, the Division offers courses in Geography and Philosophy. Many courses in the Division support those seeking teacher certification in Social Studies with the Whitlowe R. Green College of Education.

Academic Standards

Students must earn a minimum grade of "C" in all classes pertaining to their major and in those required in the support area and unrestricted electives. Furthermore, a minimum grade of "C" is required in the minor area (if applicable).

Teacher Certification

Students seeking teacher certification in history or political science should consult with an advisor in the respective degree plan for requirements and guidelines. Students seeking should select the teacher certification concentration in their respective degree program. The degree will be designated as a Bachelor of Arts in History or Political Science degree with secondary teacher certification. The Department of Curriculum and Instruction in the Whitlowe R. Green College of Education must admit students in the teacher certification program.

Students pursuing certification for secondary school teaching must consult with their advisor in the Division of Social Work, Behavioral and Political Sciences within their first two semesters of study at Prairie View A&M University. For more information, please refer to the teacher certification section of the catalog under the Whitlowe R. Green College of Education for requirements and guidelines.

History Program Description

The History Program at Prairie View A&M University prepares students for careers in areas including, but not limited to, teaching, government, law, public history, and political life. The History Program encourages a systematic study of the past and attempts to use the gained knowledge to explain human nature, behavior and contemporary issues.

Political Science Program

The Political Science Program has a mission of providing students with knowledge and training necessary for personal, academic, and professional development in a friendly academic environment. The curriculum is designed to help students develop their reasoning and critical thinking skills and improve their competence in oral and written communication. The fundamental goal of the program is to provide students with the theoretical underpinnings and analytical tools required to research and understand political issues and governmental processes. In addition to providing support courses for all undergraduate studies at Prairie View A&M University, the program strives to achieve the following pivotal goals:

• Prepare students for graduate and professional schools by exposing them to a variety of concepts, theories and methodologies used in the study of Political Science;

• Train students for careers in government, law, education, journalism, urban planning, international affairs, business and many other fields on which public policy has an impact; and

• Help students develop a sustained interest in the day-to-day activities of governmental institutions and processes, as well as in events and issues that occur daily at the local, state, national, and international levels.

The program offers a B.A. in Political Science with courses tailored to students of diverse educational and career interests. The curriculum covers many of the sub-fields of Political Science, such as American government and politics, public law, comparative politics, international politics, public administration, research methodology, and political theory. The program also offers specialty courses in a wide range of topics including blacks in the American political system, race and gender in politics, Gandhi and King and legal studies. The program requires the completion of 33 credit hours of Political Science courses, of which POSC 2133, POSC 2413, POSC 3543 and POSC 4113 are required for majors in the discipline.

Professional Social Work Program

Purpose and Goals

The mission of the Baccalaureate Social Work (BSW) Program is to prepare students as generalist Social Work practitioners and provide students with requisite knowledge for advanced study. The Program equips students with core skills and values for beginning level Social Work practice in both rural and urban settings, working with individuals, families, groups, organizations, communities, and populations-at-risk.

The generalist Social Work practice entails a problem solving process (multi-method) at the micro, mezzo, and macro levels (multi-level) utilizing Social Work knowledge, values, and skills, which informs and directs service delivery to assess and intervene with the problems confronting clients (conceptualization). Generalist Practice of the Baccalaureate Social Work Program at Prairie View A&M University utilizes the ecosystems approach, which includes the ecological perspective and systems theory that entail viewing the person and the problem within the environment, and identifies strength within the client as well as the environment. Students apply the problem solving method to empower clients and to intervene across diverse client systems of all sizes (i.e. individuals, families, groups, organizations, and communities), both in rural and urban settings.

Students at Prairie View A&M University, a Historically Black College/University, are provided with a unique opportunity to recognize the importance of the barriers and obstacles regarding disenfranchised people within the social environment, realities of discrimination, and oppression, and the opportunities to enhance social and economic justice.

The Baccalaureate Social Work Program is accredited by the Council on Social Work Education. The goals of the Social Work Program are to:

1. Prepare students to understand social welfare policy analysis and its history, as well as policy analysis and its implementation; forms and mechanism of oppression and discrimination, and the strategies of change that advance social and economic justice in both rural and urban settings;

2. Utilize liberal arts and core generalist competencies to prepare students for practice with client systems of various sizes and types, with considerations to the social context of social work practice and the dynamics of change;

3. Prepare students to appreciate and conduct ethical Social Work research to evaluate service delivery at all levels of practice and to add to the Social Work knowledge base with qualitative and quantitative methodologies;

4. Prepare students for entry-level generalist Social Work practice with diverse populations in rural and urban settings at micro, mezzo, and macro levels of practice; based on knowledge, values, ethics and skills of Social Work built on a liberal arts perspective and reinforced through classroom and field experiences; and

5. Prepare students for a generalist Social Work career as well as graduate social work education and the importance of ongoing growth and development for both students and faculty.

Social Work majors have the opportunities to complete a total of 56 hours of volunteer assignments and the required 400 hours of supervised experiential field instruction in settings, such as rural community centers; mental health and mental retardation agencies; drug and alcohol treatment facilities; agencies serving the elderly; juveniles, adults, and children; public assistance/public welfare; school Social Work service; and policy-making entities and Social Work administration. Graduates of the Social Work Program secure employment in a variety of agencies, including hospitals, schools, child welfare, probation and parole centers, residential treatment centers, and other public and private agencies.

Academic Progress

Social Work majors must maintain satisfactory progress in the major. Students will be evaluated by their respective advisor each semester. Students maintaining unsatisfactory academic progress will be evaluated for continuation in the Social Work Program. Students must meet with their respective advisor to ensure courses are taken in the proper sequence for the Social Work major (See Social Work Suggested Degree Program Sequence). Students must complete the Liberal Arts prerequisite courses and SOWK 2113 (http://catalog.pvamu.edu/search/?P=SOWK%202113/) prior to enrolling in Social Work core courses for their junior and senior years. Students must take all SOWK upper division core courses in proper sequential order.

A Social Work major must maintain a grade of “C” or better in all SOWK courses. No SOWK prefix course may be repeated more than once to achieve a passing grade of “C”. A minimum of a 2.50 GPA in all SOWK courses is required to qualify for Field Education and graduation with a BSW degree. A student who fails to achieve a passing grade in any of the SOWK prefix courses after two attempts must seek a major in another discipline. Students must earn a minimum grade of “C” in all Social Work courses and in those required in the support area. The Program does not offer credit for life or work experience.

The Social Work Program does not give credit in whole or part for previous work experiences or life experiences in lieu of field instruction or for any social work core courses.

Admission Requirements

Students desiring to pursue the Baccalaureate degree in Social Work must complete procedures designed to determine their suitability and/or readiness for professional generalist Social Work practice. Freshmen students changing their major, and transfer students may declare Social Work as a major for the purpose of advisement. Students interested in a Social Work major initially meet with the Director of Social Work Program who interviews the student regarding their knowledge of Social Work and what they hope to accomplish with a degree in Social Work. Students are identified as Prospective...
Social Work Majors until they are officially accepted into the Program. This usually occurs during the sophomore year when the student is nearing completion of the Program’s required Liberal Arts Perspective and other basic freshmen/sophomore level courses. Prior to official acceptance, students must have completed the pre-professional Social Work course: SOWK 2113, Introduction to Social Work and Social Welfare, with a minimum grade of “C”. Students are expected to attend the Social Work Major’s Orientation scheduled during the fall semester.

Admission of Transfer Students

The Social Work Program follows the University’s guidelines for transfer credit of University core requirements and proficiency examinations (College Level Examination Program or CLEP). Guidelines and procedures for general transfer of core curriculum courses and proficiency examinations are described in the Undergraduate Catalog.

Liberal Arts courses that meet the requirements for Social Work degree will be accepted as transfer credit. The Social Work Program accepts transfer credits of Social Work courses only from CSWE accredited programs. The Social Work Program may request copies of syllabi as deemed appropriate.

Academic and Professional Advisement

Each Social Work major (current or prospective) is assigned to a Social Work faculty advisor. Students are strongly encouraged to be proactive in seeking advisement and in strictly following their degree plan. Each Social Work major must meet with his or her respective advisor at least once per semester, and more often as needed. Advisement includes appropriate guidance in academic course work, satisfactory progress in the major, adherence to Social Work Codes of Ethics, and career options for employment.

### Sociology Program

**Purpose and Goals**

The Bachelors of Arts degree program in Sociology offers a curriculum that enables students to analyze, critically evaluate, and engage in the planning of solutions to problems that evolve from patterns of human social interaction. Sociologists analyze systems that range from individuals in small groups to entire societies. In addition to social theory and social research, students may choose courses in criminology, gerontology, substance abuse, the family, deviant behavior, and modern social problems. The Sociology Program prepares students for professional careers with government agencies and with the business sector. Students pursuing a Baccalaureate degree in Sociology may become certified in secondary education. Additionally, a Sociology degree is an excellent preparation for many post-baccalaureate degree programs.

### Purpose and Goals

The mission of the graduate program in Sociology at Prairie View A&M University is to develop professional sociologists who are broadly educated in substantive areas of sociology and well trained in theory and methods.

The Master of Arts degree program in sociology offers a curriculum that enables students to analyze, critically evaluate and engage in the planning of solutions to problems that evolve from patterns of human social interaction. The graduate program prepares students for advanced study (e.g., Ph.D.) in sociology, criminology, law, and social welfare.

### Admission Requirements

In addition to the regular application requirements of the university, applicants to the M.A. program must have the following:

1. Applicants must have a BA or BS degree from a regionally accredited institution, preferably with a major in Sociology or a closely related field/discipline.
2. Applicants must present evidence that they are capable of successfully completing a rigorous graduate program. Such evidence must include completion of a department application, and three letters of recommendation from persons in a position to evaluate the student's academic potential.

Master of Arts in Sociology Degree Program

A total of 36 semester hours of graduate course work must be completed in graduate status. For those opting to do a thesis, the requirements include 30 hours of course work and 6 hours devoted to the M.A. thesis. Upon the decision to undertake a thesis, the student will form a committee consisting of two sociology faculty, one of whom will serve as the principle advisor, and one additional faculty member from the Division of Social Work, Behavioral and Political Sciences. The topic of the thesis will be determined by the student and the advisor. The format will follow ASA thesis guidelines in conjunction with established criteria by the Sociology Program. The thesis must be orally defended and approved by all members of the faculty thesis committee before the degree is conferred. The student must register for the thesis each semester until satisfactorily completed. No graduate credit will be given for undergraduate courses.

For students selecting the thesis option, 30 hours of course work must be completed and 6 hours of supervised thesis hours. Of the 30 hours of course work, 9 hours are core requirements and the remaining 21 are sociology support/elective requirements - of which no more than 6 hours are to be taken outside of the program.

For students selecting the non-thesis option, 36 hours of course work must be completed: 9 hours of core courses, 21 hours of support area requirements, and 6 hours taken outside the program.

Admission to candidacy will be granted upon completion of 12 semester hours of graduate work in sociology with an average grade of B or better. These hours must be completed in residence. The student must complete the Application for Admission to Candidacy form, through the Division of Social Work, Behavioral and Political Sciences, to the Dean of the Graduate School for approval.

Students must maintain an average GPA of 3.0. Only two courses with a “C” grade, regardless of credit hours, will be accepted toward credit for the Master’s degree.

Requirements for a Minor in Behavioral and Political Science

The Division offers a minor in Behavioral and Political Science designed to provide a sound understanding of the basic concepts, assumptions, research methods, and techniques used in the social sciences. The History Program administers the minor. Students are advised to consult with the Division Head in selecting appropriate courses for their minor. Any course taken for their minor may not be used to satisfy other requirements such as a core curriculum requirement or a major or minor requirement. Any combination of 18 semester credit hours with no more than six hours in any one discipline will constitute an integrated social science minor. Sample courses for this minor are listed below. Any courses from the disciplines listed below may be used to fulfill the minor requirements. Other disciplines related to social sciences may also be considered for substitution in consultation with the Division Head.
