Treasury Services is a subdivision of Financial Management Services which reports directly to the Office of Business Affairs. The goal of Treasury Services is to provide excellent customer service to our students, faculty, staff, and outside constituents with a great deal of professionalism.

We strive to remain in compliance with all laws, policies, rules, and regulations on all levels of its business functions. Treasury Services manages the University's Accounts Receivables and Cashiering section. We assist students with their tuition & fee accounts, issue student refunds, billing statements, 1098-T forms and receive and manage all incoming funds for the University. We hope that the information on this page will help answer all of your questions and/or address your needs.
